

Priorities of Jonathan Barnhart, Music Director

Continue to explore, along with our Ministers Fred Small and Lilia Cuervo, new and diverse songs for congregational singing, including some in Spanish, and including the participation of our choir and talented section leaders.

Establish and coordinate an ensemble of musically talented congregants who will select and prepare special selections for diverse groups, both vocal and instrumental, to supplement our service music about once per month.

Explore ways our choir and musicians can support the social justice initiatives of First Parish, such as performing at outside events.
